ART UNIT 2872

Art Unit: 2872

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest a vehicular mirror system comprising a reflective element having a first slip clutch element comprising one of a ball and a socket and having a mounting portion thereon, an actuator assembly comprising a second slip clutch element comprising the other of a ball and a socket and operably interconnected to the reflective element for controlling a tilt of the reflective element, wherein the actuator assembly is operable in a normal mode of operation, the ball and socket comprising a slip clutch; and a compression element mounted around the socket having the ball cradled therein to apply a compression force on the ball for operation of the actuator assembly in a first mode and a second mode, wherein in the first mode the actuator assembly moves in the normal mode of operation and actuates the tilt of the reflective element, and wherein in the second mode the actuator assembly is placed in an impeded mode of operation and the ball and socket allows the actuator assembly to slip, wherein the socket includes a peripheral groove on an external surface thereof, as recited in claim 27; or wherein the ball includes at least one projection and the socket includes at least one slot in register with the at least one projection, as recited in claim 28.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ricky D. Shafer whose telephone number is (571) 272-2320.
